Chocolate Cream with Cannabis

Hello, I am Nonna Cannabis "The Italian granny who cooks with herbs".

Today I am going to teach you how to prepare a rich chocolate cream with a touch of cannabis. You will not be able to resist!

Ingredients:

- 1 liter of cannabis milk
- 5 egg yolks
- 5 tablespoons of flour
- 5 tablespoons of sugar
- 3 tablespoons of bitter cocoa
- Biscuits

Preparation:

To prepare the chocolate cream, heat the cannabis milk in a pot not too big. Apart mix the flour with bitter cocoa. In a bowl beat the yolks with the sugar until you get a smooth cream. Slowly add the flour with the bitter cocoa carefully so that no lumps are formed and keep mixing. If the mixture is thick and hard to beat, you can add a couple of tablespoons of cannabis milk.

When the mixture is homogeneous, pour little by little the hot milk in the bowl and keep mixing so that these lumps do not form.

When you have added all the cannabis milk to the mixture, pour everything into the pot and, while stirring, bring it to a boil over low heat. When the cream reaches the desired consistency, remove it from the flame. Before serving it in individual molds place the cookies in the bottom and pour it. It is served cold.
